PRODUCT CATALOG

MicroFrontier is your source for productive, powerful and easy-to-use graphic software. We invite you to take a look at our complete line. You may find just the software you need!

Pattern Libraries, Volume 1 or 2: (Mac or Windows, \$9.95) Each volume is a collection of 160 ready-made patterns that can be used with Color It!™, Enhance™, or Pattern Workshop (our Photoshop™-compatible plug-in). Patterns include wood, marble, brick & tiles, flowers and more. You can quickly and easily add realistic textures to any surface, or blend a pattern with your image for dramatic visual effects. *(Please indicate Macintosh or Windows platforms when ordering)*

Pattern Workshop: (Mac or Windows, \$19.95) A Photoshop-type plug-in that lets you create and edit pattern sets in programs that support Photoshop plug-ins. The Workshop comes with a Free set of 160 patterns. *(Please indicate Macintosh or Windows platforms when ordering)*

Enhance™ 3.0: (Mac, \$199.95) A powerful grayscale image processing and painting program. It includes **Auto Enhance** and **Auto Contrast** filters for easy, one-step improvement on tonal levels. Special tools such as the **Ruler** tool with **Line Profile** and **Angle** tool for measuring angles are designed for image analysis and evaluation.

Color It!™ 3.0: (Mac, \$149.95) An award-winning 32-bit image editing and paint program with a complete set of tools for creating or manipulating images. It offers everything needed to produce the same quality and effects as other high-end programs, without the high cost!

Paint It!™ 1.0: (Mac, \$19.95) A capable yet easy-to-use 32-bit painting program designed for novice users. It offers many features not found in other inexpensive painting programs. Great for users wishing to explore painting who don't need the image processing capabilities of Color It!
