## THE MIRACLE

Learning is easier when you're having fun. **The Miracle Piano Teaching System** packs all the excitement of true NES-style video games. Plus, the built-in orchestra plays along with you for an incredible musical experience!

Whether you're a beginner or just want to brush up on your piano skills, **The Miracle** is for you. Each step of the way, it monitors your progress and builds a series of customized piano lessons on your TV. You'll be playing in no time!

## THE FIRST PIANO THAT TEACHES YOU HOW TO PLAY IT.

*"The MIRACLE is a delightful and irresistible path into the joy of making music."*

*—Martin Canin, Professor of Piano, The Juilliard School*

- Plug the special **Miracle** keyboard into your Nintendo Entertainment System for hours of music and fun.

- Exciting, arcade-quality video games—learn while you play!
- Advanced audio technology with over 100 instruments and sounds in full stereo!
- Learn to read music, play songs in rhythm and teach yourself two-handed piano pieces.
- Artificial Intelligence creates a special series of dynamic, effective piano lessons.
- Over 200 lessons and 40 musical pieces in the program!

- Sustain pedal, headphones and NES Game Pak included.

## NINTENDO ENTERTAINMENT SYSTEM®

### Days of Thunder

Experience all the heart-pounding action of the smash hit movie, **Days of Thunder**. As rookie driver Cole Trickle, pit your skills against seasoned veterans on seven different, totally intense race tracks. Buckle up, put on your helmet, and cut it loose! 

### Paperboy

Hop on your bike for a free-wheeling ride up and down the avenues of suburbia. Deliver flawlessly to your subscribers, or break windows of nonsubscribers, as you avoid tricycles, lawnmowers, bratty kids, not-so-domesticated animals, and more. As one of the most popular arcade classics ever, **Paperboy** delivers sensational entertainment with superb animation and sound. Available for both NES  and GameBoy. 

### Gauntlet II

Go in search of magical treasures... explore the 106 different mazes of the Dark Dungeons while battling ghosts, demons, fire-breathing dragons, sorcerers and other deadly foes. Live the fantasy of Thor, Thyra, Questor and Merlin. Better yet, up to four players can play at once, *each assuming any different character-role!* If you liked the original arcade game, you'll love **Gauntlet II**! Coming soon for GameBoy!  

### Flight of the Intruder

Experience top-flight realism in this incredible air combat simulation game. You'll fight for your life, flying either an A-6 Intruder bomber or an F-4 Phantom fighter in twelve different missions, including thrilling night sequences, and over 50 combat rounds. Feel the heat as your weapons detonate into brilliant explosions! 

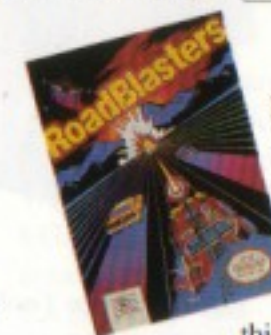

### Dirty Harry

You're Detective Harry Callahan, the man who doesn't break cases – he smashes them. **Dirty Harry** is out to track down a ruthless drug-smuggling syndicate. Crack the case and face the kingpin himself... in a blazing showdown on Alcatraz. Go ahead... make your day. Features include digitized sound, cinematic graphics, and multiple levels of play. 

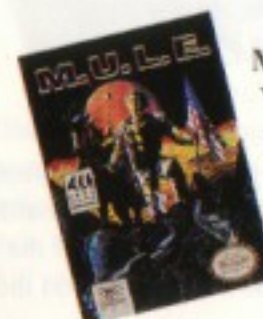

### Loopz

An incredibly simple, simply incredible, *addicting* game! Easy to learn, but difficult to master, this challenging spatial recognition puzzle is a great one for the whole spectrum of game players from novice to pro. Spend as little as five minutes or as much as five hours playing a single session. Available for both NES  and GameBoy. 

### Roadblasters

Grab the controls of your high-performance armored car and drive into an adventure of futuristic warfare in this exciting game based on the arcade smash hit. Blast opponents with lasers as you spin around turns, dodging land mines and toxic spills. Your objective is to reach the Rally Point at the end of each level... 50 levels of arcade action in all! 

### M.U.L.E.

You can become the richest, most powerful inhabitant of the newly discovered planet, IRATA. Use **M.U.L.E.s** (Multiple Use Labor Elements) for growing food, mining and producing energy. More **M.U.L.E.s** mean more resources and that equals... *power*. Be careful... treachery is acceptable. Become the cutthroat entrepreneur you've always wanted to be! 

Call toll free (800) 231-3088 9a.m.–5p.m. (Pacific Standard Time)

# ENTERTAINMENT

**The Fidelity Chessmaster 2100**  
Whether you're just learning chess or you're a true pro, this is the game for you! We took the award-winning Chessmaster

**2000** and made it even better... the result is a magnificent chess program that contains every option that skyrocketed "2000" to the top of the charts and more! **Chessmaster 2100** offers an unlimited number of levels, triple the number of features, more and different classic games, and even greater in-depth analysis. **IBM M A II C64 II**

## Days of Thunder

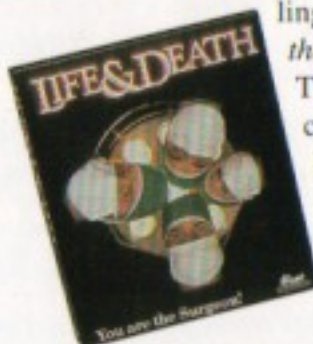

Better buckle up; you're about to experience all the engine-roaring, tire-screaming stock car action of the movie **Days of Thunder**. This heart-

pounding adventure features the challenge of eight incredible races on a variety of totally hot tracks. Choose a car, then customize it for maximum speed and handling on the course. **IBM A ST**

## Life & Death

**Life & Death** is the world's first interactive medical movie. In this awesome recreation of the tension-filled atmosphere of a bustling medical center, *You assume the role of a powerful surgeon!* Talk with your patients, read charts, order x-rays, ultrasound, blood tests and other lab work, because when the time comes... *You will have to pick up the knife!* **IBM M A II**

## Life & Death II - THE BRAIN

In **Life & Death II** you enter the neurosurgery wing of Toolworks General Hospital and... go for the BRAIN! Your hectic day begins with x-rays, CAT scans, Ultrasound, and MRIs, with stunning, full color graphics and digitized sound for the ultimate in realism. Does your patient require medication or brain surgery? The fate of the patient is in your hands, and only you can make the decisions that will mean the difference between **Life & Death**! Are you up to the challenge? **IBM M**

## The Hunt For Red October

The ultimate submarine simulation game! Armed with 26 SS-N-20 Seahawk missiles, this Soviet "killing machine" is capable of destroying 200 cities. Equipped with the unique Caterpillar propulsion system, detection of the Red October is nearly impossible. Your mission: to defect to the West. Test your brilliance in stealth, evasion and navigation as Commander of the Red October!

**IBM M A II C64 II ST**

## The Software Toolworks Game Pack

Five spectacular games available in one package! Challenge the best in the award-winning strategy game, **The Chessmaster 2000**. Perfect your martial arts skills in **Bruce Lee Lives**. Strap on your 3-D goggles and go for a wild ride in **Beyond the Black Hole**. Perfect for the beginner or the true card shark: **Gin King/Cribbage King**. And the fun continues as you face the dilemmas of a surgeon in **Life & Death**. Also available on CD-ROM. **IBM CD**

## Gauntlet II

Based on the arcade mega-hit, **Gauntlet II** brings you superlative graphics, sound and total excitement. In search of magical treasures, you explore the Dark Dungeons while battling ghosts, demons, fire-breathing dragons, sorcerers, and other deadly foes. Come live the fantasy of the popular legendary characters — Thor, Thyra, Questor and Merlin. Up to **four players** can join in on the action at any time during play.

**IBM M A**

## Loopz

The most addictive game ever! It's very simple: you get pieces of different sizes and shapes. Then you put them together to form **Loopz**. You

can move the pieces around the playfield and rotate them. The more complex the loop, the more points you score. It's so simple, in fact, most people can easily finish their first session in... oh... about five or ten hours!! **IBM M A C64**

## Global Dilemma

An example of genius game-designer Chris Crawford at his superlative best. In this strategic power play, you need weapons as well as manpower and you must allocate

resources between military production (guns) and domestic goods (butter). Multiple levels of play and an easy-to-use interface aid you in your conquest to conquer the world. You

will build up your supplies, decide when and where to deploy troops, and form alliances with other countries to succeed where no one has ever before: *total world supremacy.* **IBM M**
