The 13th at Medinah. A 200-yard tee shot, four greenside bunkers, swirling winds and Lake Kadajah make everyone nervous.

U.S. OPEN CHAMPIONSHIP

June 14-17, Medinah Country Club (Course # 3), Medinah, Illinois

Hosting the Open for the third time, #3 is a brute, rated at 77.3—the highest rating in the United States from the back tees. It tracks through a suburban Chicago landscape of oaks, elms and hickories. Lake Kadajah, named after Mohammed's wife, centers the course and the 2nd, 13th and 17th holes are played across it. Its strengths are length, artfully-placed bunkers and immense, heavily contoured greens.

BRITISH OPEN CHAMPIONSHIP

July 19-22, St. Andrews Old Course, St. Andrews, Scotland

The birthplace of golf seems unremarkable at first: thin, flat, treeless, scarred by ancient bunkers, whipped by North Sea winds. Why then, does it command such universal respect, even love? Bobby Jones: "The more I studied the Old Course, the more I loved it and the more I loved it, the more I studied it, so that I came to feel that it was for me the most favourable meeting ground possible for an important contest."

The 17th at St. Andrews. The infamous Road Hole on the world's oldest course. Starts with a blind drive; ends with a fearsomely deep pot bunker.

PGA CHAMPIONSHIP

August 9-12, Shoal Creek, Birmingham, Alabama

Shoal Creek is ranked in the top 20 of *Golf Digest's* survey of America's greatest courses, has two PGA Championships and one U.S. Amateur Championship to its credit—and it's just 13 years old. Designed by Jack Nicklaus with an eye to naturalness, water comes into play on more than half the holes and virtually all are surrounded by lush oaks, pine and dogwood trees. It's the perfect blend of challenge and beauty.

The 18th at Shoal Creek. Harmless—if you avoid water left and right, and your approach conquers a 2.5-foot swale in the center of the green.

Designed by: Ned Martin, Sculptured Software, Inc.
Producer: Mark Wallace

Instructions for IBM PC and Tandy

- 1 Use the standard DOS procedure (check your computer manual if you need more info) to make a backup copy of the Championship Courses before you use it. Label your backup disk **Major Championship Courses of 1990** and put your original away for safe-keeping.
- 2 If you have Jack Nicklaus' **Greatest 18 Holes of Major Championship Golf**: Boot up the game as you would normally, then when prompted to insert a course disk, replace the disk in the drive with the Championship Courses disk. You can now choose to play any of the three courses: Medinah #3, St. Andrews or Shoal Creek.
 - If you have the 3.5" version, boot your **Greatest 18** disk as you would normally. When the course options appear, replace the disk in the drive with the Championship Courses disk and press the **space bar**.

If you have Jack Nicklaus' **Unlimited Golf & Course Design**: Boot the game as normal. When the Course Selection screen appears, insert the Championship course disk into a floppy drive and press the letter of the drive containing the disk (i.e. A or B). You can now choose to play any of the three courses: Medinah #3, St. Andrews or Shoal Creek.

- 3 After you choose one of these courses, an overhead view of one of the holes appears on screen. To pass this screen, type the number of the illustration on the new Jack Nicklaus 1990 Course Sheet that is identical to the hole on your screen. Now you're ready to play.

Note: If you've installed the Nicklaus game on your hard drive, just copy the files from the Championship Course disk into the same sub-directory as the program. Begin the game as usual, and select the course you wish to play.

Instructions for Commodore 64/128

Note: You might want to use any commercially available copying program to make a back-up copy of the disk.

- 1 Boot up **Jack Nicklaus' Greatest 18 Holes of Major Championship Golf** as you would normally, then when prompted to insert a course disk, replace the disk in the drive with the **Championship Courses** disk. Put it in either label side up or down, depending on which course you want to play:
 - To play either **Medinah #3** or **Shoal Creek**, put the disk in label side up, and when prompted, press the number beside the course you want to play, and that course will load automatically.
 - To play **St. Andrews**, put the disk in label side down and press the **fire button**. The course will load automatically.
- 2 After you choose one of these courses, an overhead view of one of the holes appears on screen. To pass this screen, type the number of the illustration on the new **Jack Nicklaus 1990 Course Sheet** that is identical to the hole on your screen. Now you're ready to set up a match.

Instructions for Apple IIGS, Amiga, Macintosh
