Founded in 1983, Interplay has always stressed a strong dedication to quality and no limits to the imagination. With that in mind, turn the pages and . . .

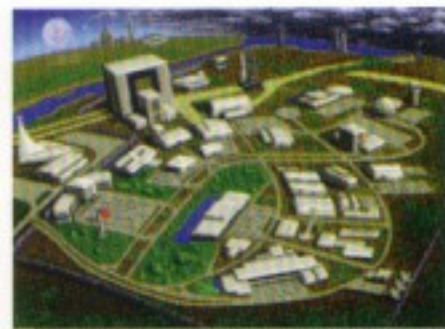

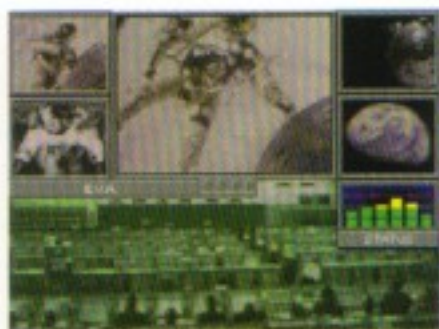

Welcome To The World of Interplay.

BUZZ ALDRIN'S RACE INTO SPACE™

T-3 and counting. The roar of the giant Saturn V engines becomes deafening as the gleaming rocket clears the launch tower. News flash! The Russians have been working on a larger, more powerful rocket. Could they be planning a mission to the moon? Will they get there first? The second man to set foot on the moon has helped to create this incredible computer simulation of man's greatest adventure. It recreates the excitement of every space mission using actual digitized footage from lift-offs, space walks, lunar landings and splashdowns. As Space Director, you have at your disposal the entire space inventories of both the U.S.A. and U.S.S.R., and can plan and direct every conceivable space mission—even emergency space rescues! But, do you have the *right stuff*?

- *"Likely to set a standard for multimedia entertainment products," Computer Gaming World*
- *Hundreds of historical photos and digitized animations*
- *Select from over thirty types of space hardware and twenty moon landing approaches*

STAR TREK: 25th ANNIVERSARY™

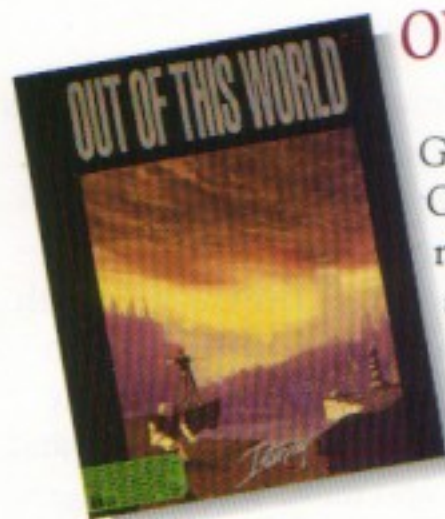

Captain's Log, Star Date 4196.5. The crew of the Starship Enterprise is now in the ultimate role-playing adventure... and you are there. Welcome aboard the game that combines a realistic, 3D space flight simulator with a wide variety of role-playing adventures to create a gripping game of galactic exploration. You'll play James T. Kirk and experience the thrill of piloting the U.S.S.

Enterprise™ using stunning, state-of-the-art, digitized model graphics. You'll control phasers, photon torpedoes,

shields, communications, and warp drives. Then join a landing party sent down to map and interact with alien races and artifacts. So fasten your seatbelts, bring your seat backs to an upright position, and stow away those other computer games—welcome aboard!

- *Ranked #1 seller in the nation*
- *Thousands of state-of-the-art, 3D digitized, space action scenes*
- *Full 256-color VGA graphics, plus complete musical score and digitized sound effects from the series*

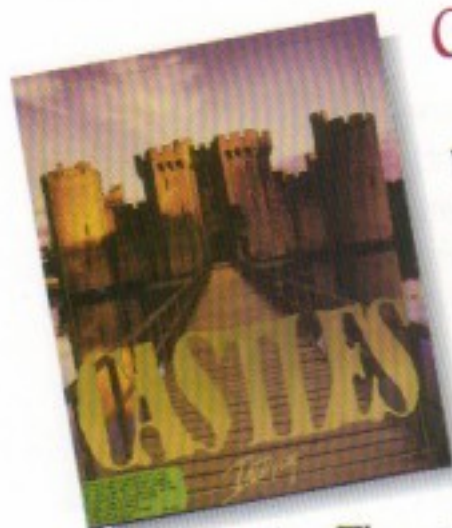

OUT OF THIS WORLD™

Hailed by *Computer Game Review* as "The Highest Rated Game Ever", *Out Of ThisWorld™* bridges the gap between Cinema and Action/Adventure games with a completely new style of fluid, cinematic storytelling. Hurlled through space and time by a nuclear experiment gone wrong, you'll need to dodge, outwit, and overcome the alien monsters and deadly earthquakes that plague your new foreign landscape. It's not an easy task. Over two years in development, *Out Of This World's™* polygonal graphics

system generates real-time, rotoscoped animation in a fluid system of cinematic zooms, pans, close-ups, and scaling—the same cutting-edge technology that lies at the heart of today's best flight simulators.

- "Highest rated game ever," *Computer Game Review*
- Cinematically styled, rotoscoped animation
- Full 256-color VGA graphics, plus a continual audio mix of digitized sound effects and musical score

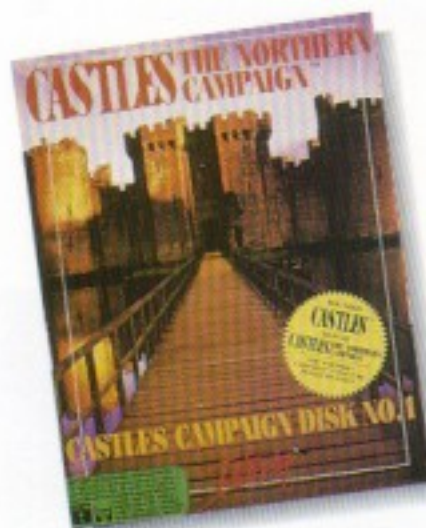

CASTLES™

Ah, m' lords and ladies, it's time to step back in time, as you become master designer and builder of your own medieval dream castle. First, select a site that's easy to defend and decide where to put towers, walls and draw-bridges. Then as master of the realm, make life and death decisions over your fiefdom. Burden your peasants with tyrannical demands then defend your castles in bloody battles against them. Enter quarrels between church and state, engage in brutal treachery and make scores of enemies. Then sit in your cold, damp castle and wonder why nobody likes you. Castles. It's an exhilarating trip deep into a world at your command!

- Ranked #1 seller in the nation
- Full 256-color VGA graphics, plus complete musical score with major soundboard support
- Build individual castles or conquer the wild frontier in an eight-game campaign

CASTLES, THE NORTHERN CAMPAIGN™

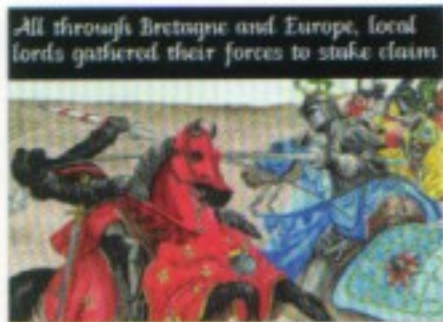

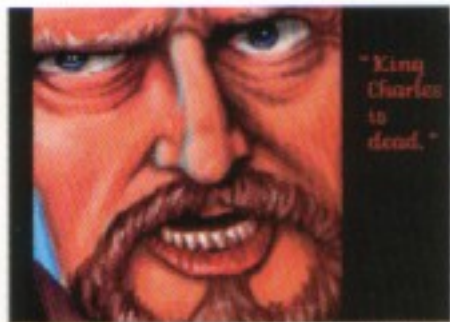

The Picts are rebelling against you in the northern wilds, and their armies are even more formidable than the Celts ever were! Prepare yourself for a gripping struggle for survival as *The Northern Campaign*™ brings a whole new campaign to your computer, along with new features designed to expand the scope of the best-selling CASTLES™. You need CASTLES™ to play *The Northern Campaign*™; *The Northern Campaign*™ cannot be played by itself.

- "Castles™, with the addition of this disk, is now definitely five-star entertainment," *Dragon Magazine*

King Charles of Bretagne is dead, without a clear successor to the throne. This means war! A war you intend to win, and a crown you intend to wear. Unfortunately, other inhabitants have the same idea. They're out to gain the same crown and you sit squarely in their path. To win, you must survive. To survive, you must scout surrounding territories, defeat native militias, subjugate the land with castles, feed and maintain the people, and unite the land under your iron fist. Oh, did we forget to mention the

other power hungry barons who will be doing the same thing? Build and protect your castles, attack and destroy others', recruit cavalry, research weaponry and pay the church for indulgences—it's all in a day's work in this game of medieval diplomacy, treachery and power.

- A completely new military, diplomatic and administrative strategy game based on the best-selling Castles™
- Multiple computer players
- Digitized movie footage, VGA graphics and complete sound board support

J.R.R. TOLKIEN'S THE LORD OF THE RINGS™

"The Tolkien estate finally made the right choice with Interplay" —Info Magazine. Combining the best elements of role-playing, stunning full-screen graphics, quality sound and a new play system, Interplay Productions presents the first role-playing computer game encompassing the epic fantasy of J.R.R. Tolkien's Middle Earth. Brave the journey through this fantastic world inhabited by hobbits, elves, dwarves and wizards while you protect the one true ring from falling into the grasp

of the evil Lord Sauron.

- "Best science fiction/fantasy computer game of 1991," Video Games and Computer Entertainment Magazine

THE TWO TOWERS™

The Tolkien trilogy continues as *The Two Towers*™ picks up where the critically acclaimed *The Lord of the Rings, Vol. I*™ left off. The wicked Lord Sauron persists in his quest to capture the one true ring of power. But now the Evil Wizard Saruman, with his insatiable lust for power, is after it as well. You control a party of benevolent characters in this captivating, role-playing adventure as they battle orcs, trolls, wargs, ghosts, and oliphaunts—and ultimately, come face to face with the mysterious two towers.

- Automapping, plus enhanced, easy to use point-and-click interface
- Thousands of screens of Middle-earth terrain to explore

CHECKMATE™

Now, you can play the most powerful and versatile chess program on the market. An infinite number of play levels, a massive opening library of over 300,000 moves, and 2D and 3D graphics allow you to view the board from any direction. *Checkmate™* will test anyone's skill.

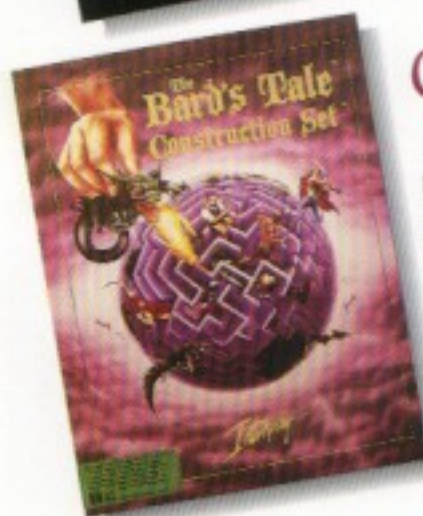

- Operates with System 7.0 and LC compatibles

LEXI-CROSS™

You're "On The Air" on the galaxy's favorite 21st century TV game show. Spin for letters, buy vowels, uncover words, ask for clues and watch as the beautiful Robanna turns over word tiles in more than 600 brain-teasing puzzles. Play solo, face to face, team to team, or watch the computer compete against itself.

- "Fast play and tough puzzles make Lexicross a winner,"
PC Strategy Guide

THE BARD'S TALE CONSTRUCTION SET™

All the dungeons, monsters, wizards, heroes and villains that made *The Bard's Tale™* series one of the all-time best selling games, are yours to create your own fantasy world. The old elements combined with new characters and new worlds of phantasm and adventure help you in your task as Dungeonmaster. You design the dungeons. You create the monsters. You produce the magic your heroes need to fight their way to the treasure. It's all in your hands!

- Easy to use, point-and-click interface

BATTLE CHESS 4000™

Yesteryear's timeless classic is now a game for all ages in *Battle Chess 4000™*, the chess game that rushes headlong into the future. Moving across a translucent chess board set in a futuristic, deep-space station, chess pieces become animated space-age characters, created from state-of-the-art, digitized clay models. And the moves they make will keep you in stitches. A swash-buckling, space captain foregoes his blaster to wield his light saber at your mad scientist. A robot rushes in to tickle the mad scientist to

death... and all you can say is "check"? But for all its humor, *Battle Chess 4000™* is the strongest and most versatile chess program on the market. With a massive opening library of over 300,000 moves, it can handle any level of opponent. And it learns as it plays by constantly adding strong moves to its database!

- *More than 25 megabytes of humorous animation (uncompressed)*
- *Infinite levels of play, from beginner to grandmaster*
- *State-of-the-art animation from digitized clay models, in 2D and 3D modes*

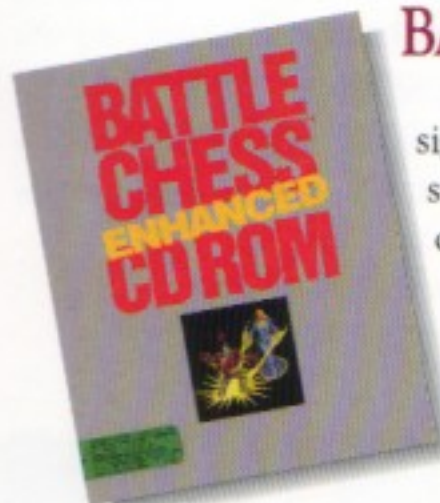

BATTLE CHESS™

Beware! For all around you medieval knights, kings, queens and pawns are springing to life in this, the ultimate mind-challenging chess game. Many computer chess games capture the basics of chess. *Battle Chess™* brings the game to life by combining a magnificent chess logic system with colorful, humorous, and dramatic three-dimensional animations. So don your medieval garb, sallie forth, and prepare to make your move.

- Ranked #1 seller in the nation
- Winner of a Best Graphics Award from the Software Publishers Association

BATTLE CHESS ENHANCED CD ROM™

Take a bold step into the third dimension with the sights and sounds of *Battle Chess CD ROM™*. All of the strategic plays, fantastic combats and resplendent characters of *Battle Chess™* are here, enhanced by the amazing effects of CD ROM. Over 31 megabytes of animation and graphics complemented by more than 45 minutes of digital CD audio, with mood music and combat sound effects. Plus a 25-minute cartoon on-disk tutorial gets you off to a classic start!

- Over 2 years of art and sound enhancements
- Stunning 640x480 256-color graphics

THE CLASSIC 5™

Check, jump, king, trump, conquer! Now, five of the world's most popular classic games are all in one fantastic package! Enjoy the strategic fun of *Backgammon*, the head to head game that's been a hit since the seventeenth century. Select aggressive or defensive styles of play, take back and replay moves, double, change play speeds and save games. Experience *Go*, the national game of Japan, as you fight your way across the board—the uninhabited lands of earth bounded by sea—to acquire the world.

Test your skill on a range of playing levels with this advanced 2D and 3D graphics version of traditional *Chess*. Make a bid and try your hand at a classic game of *Bridge*. This version of the traditional card game lets you fully explore each hand's potential by using a variety of bidding conventions and take back and replay features. And have some old-fashioned fun with the classic game of *Checkers*—its strong algorithm makes it a challenging game for children of all ages. One package. Five games. Hours of entertainment. It's time to play!

- *Easy to use point-and-click interface*
- *"Save Hands" option on most games*
- *Go program algorithm written by a World Championship award-winner*

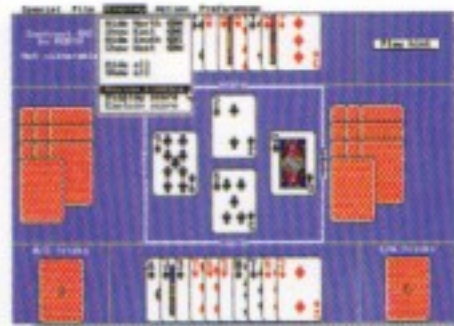

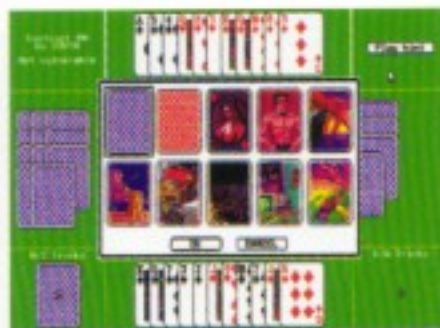

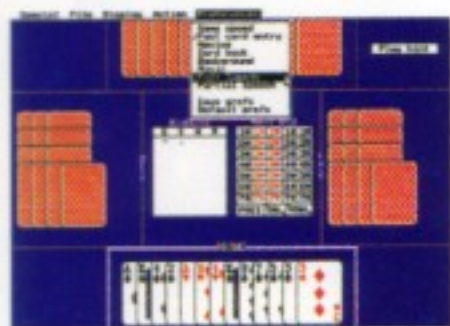

OMAR SHARIF ON BRIDGE™

Imagine yourself at the tables of Monte Carlo, playing bridge with the masters of the game...with Omar Sharif, world famous actor, bridge columnist and card player, as your partner and personal tutor! *Omar Sharif On Bridge™* is the world's first talking bridge game that features full VGA graphics, major sound board support, an on-disk tutorial, and an easy to use, point-and-click interface. You'll hear Omar Sharif congratulate you on a bold finesse, or suggest another lead if your game needs some fine-tuning. VGA graphics allow you to select from

several types of card decks while the user-friendly interface makes bidding and playing fast and intuitive. And with the on-disk tutorial, *Omar Sharif On Bridge™* is the perfect way to learn to play the world's greatest card game.

- *VGA graphics and digitized speech*
- *From one to four people can play, or the computer can play by itself*
- *Complete control over play with "Take Back" and "Rebid"*

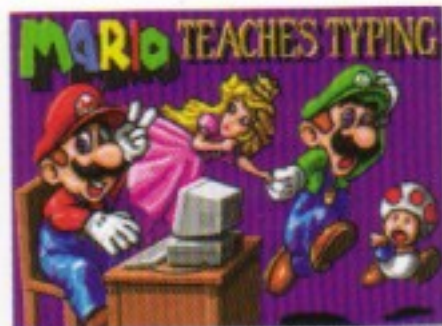

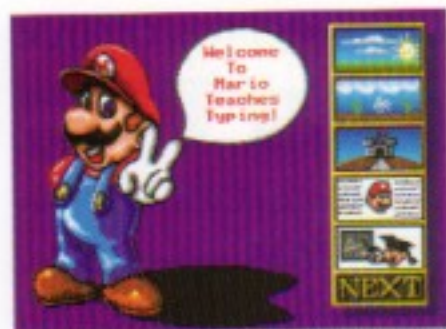

MARIO™ TEACHES TYPING

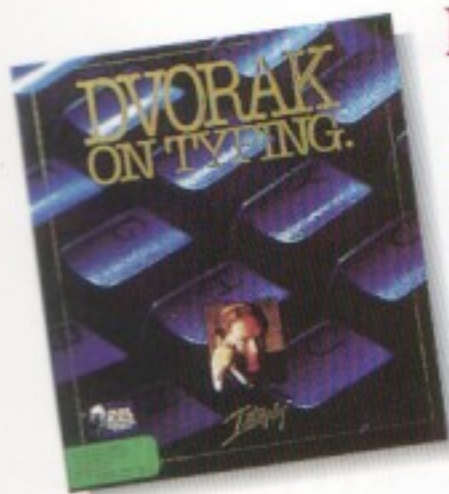

You helped Mario save the Princess. Now... let Mario help you learn to type. This great way for kids of all ages to learn how to type starts when you choose your own identity—Mario, Luigi or The Princess. Then go at your own pace through three adventurous levels. In the first level you'll learn to find all the letters on the keyboard without looking. Level two teaches you to easily type full words. Then you'll be typing complete sentences and paragraphs in level three. Throughout your journey

Mario individually charts and records progress for the entire family. But watch out for the falling blocks, chasing fish and treacherous quicksand along the way. Learning how to type is boring. :-(not! At least not with Mario and the gang.

- After completing Level 3, Mario prints out a special completion certificate just for you
- Convenient on-screen menu and easy picture-oriented icons
- Full 256-color VGA graphics and sound effects throughout, including famous Mario music

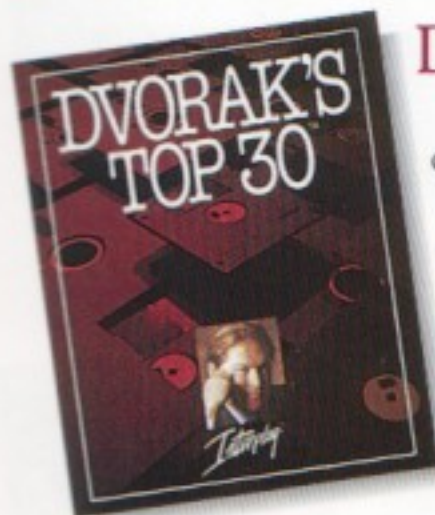

DVORAK ON TYPING™

Developed in conjunction with world-renowned computer columnist John C. Dvorak, this is the first major typing program to feature a human voice. User-friendly, skill-building lessons take you step-by-step through the basics—hand placement, key location, shifting, etc. The program's voice sounds out the letters as you type and, in later lessons, even gives you dictation. *Dvorak on Typing™*. It's like having your own personal typing tutor.

- Choose male, female or child voice in AFB™ technology sound
- Beginning, intermediate and advanced lessons that chart your personal progress

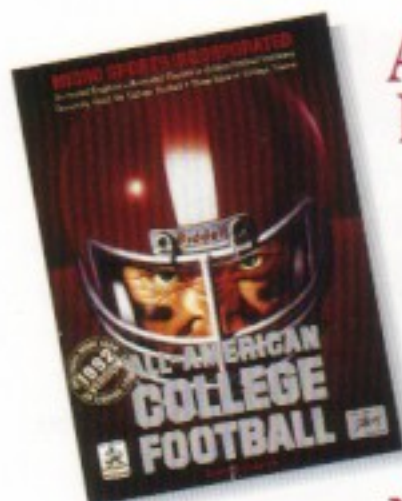

DVORAK'S TOP 30™

After exhaustive research and testing, world-renowned computer columnist John C. Dvorak has chosen the 30 best shareware programs he believes everyone who operates a computer should have. And he's put them all together in this single, powerful package. *Dvorak's Top 30™* contains essential, fully functional programs including a database, spreadsheet, word processor, accounting package, communications program (for modem access), several fun computer games and other useful utilities that make your

computer more efficient, productive and friendly. So, why pay to try 30 programs when you can buy the one package that has them all? *Dvorak's Top 30™*—the shareware collection no computer should be without.

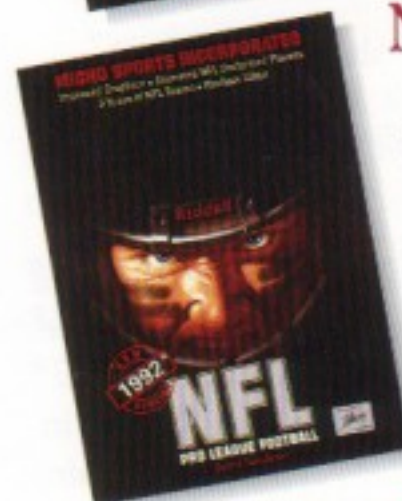

- Editor's Choice Award, Shareware Magazine
- Easy-to-use accounting spreadsheet, extensive database, and printer utility programs
