

## **Before You Do Anything!**

**Make a copy of the original disk and put the original in a safe place!** Refer to your Macintosh Owner's Manual for instructions on how to copy disks.

Next, fill out your registration card if you would like to be notified of updates to Orbital Mech and other software from Studio Zero.

## **Thank You!**

... for purchasing Orbital Mech. Many long hours and quite a few dollars were spent in bringing this product, the flagship of Studio Zero, to you. A continuation of similar products from Studio Zero depends, to a large extent, on the fortunes of Orbital Mech, and these in turn depend on whether enough people like it, and then on whether enough people who like it actually buy it. Therefore, if you would like to see more such products from Studio Zero, please don't copy it for someone else. Like a few other software publishers, we are out to prove that copy-protection is NOT a necessary evil. We are putting our trust in you. Thank's again!
