Torpedo Boat Simulation

General Quarters! Man Your Battle Stations!

Take the helm of one of the most daring vessels of the World War II era, as you command the highly maneuverable PT-109. Originally designed to be an effective means of protecting shorelines from enemy assault, PT-109 is a versatile fighting machine that can range over large areas if necessary. As skipper of PT-109 you will embark on dangerous missions in the Pacific Ocean and Mediterranean Sea. And the enemy is not confined to the sea; it will require skillful strategy and optimum usage of your full arsenal of weapons to successfully complete a patrol or a full campaign. Engage in action in the Solomon Islands during the period that the actual PT-109 skippered by then Lieutenant (jg) John F. Kennedy was active and lost. Since the enemy consists of 12 different kinds of ships plus airplanes, if the action gets to be more than you can handle alone, radio for assistance from friendly PT boats or planes. Experience the excitement and action of these historical battles in PT-109!

A Word About Copy Protection

We would like to thank you for purchasing one of our products. For your convenience, the software is *not* copy protected. This will allow you to easily install the program onto a hard disk or make a backup in order to protect your investment. Please remember that the developers of this product are relying on you to not give away copies to others. They have spent a lot of time, effort and money to bring this software to you, and are relying solely upon royalties from sales in order to make a living. Your purchase will allow them to invest the time and energy necessary to produce additional high quality software in the future.

We are committed to providing products for you that are of the highest quality and value. If you have questions concerning any of our software, or if there are additional programs that you would like to see developed, please give us a call at (415) 522-1164 or write to us at 2061 Challenger Drive, Alameda, CA 94501.

These Spectrum HoloByte™ program disks are not copy protected, which allows you to copy the program over to a back-up disk or a hard disk. As a service to customers desiring the same program on a different disk format, we allow our registered product owners to purchase a non-copy protected back-up disk in either 5 1/4" or 3 1/2" formats. (\$7.50 for a 5 1/4" floppy disk or \$10.00 for a 3 1/2" floppy) Please do not abuse this service by allowing others to copy your disk. To order a back-up disk or any of our fine products, please follow the instructions listed below. For complete product orders, include \$2.50 (per title) for shipping up to a \$5.00 maximum shipping charge per order.

To order by mail: PRINT your name, complete address, and telephone number (including area code), on a separate piece of paper, along with a description of the product (please be sure to state the machine version), quantity desired, and size if ordering a T-shirt. Enclose a check, money order or your Visa or Mastercard number (including expiration date) for the exact amount, and mail to Spectrum HoloByte, 2061 Challenger Drive, Alameda, CA 94501.

To order by phone: (Visa or Mastercard only) call: (415) 522-3584.

For overseas orders: please write to us at the above address for overseas shipping charges, or call the number listed above.
