

Igor Stravinsky

The Rite of Spring

USER'S GUIDE ADDENDUM

This upgraded version of the CD Companion for Stravinsky's *Rite of Spring* is now shipped on the CD that contains the musical performance.

The CD Companion software should be copied from the CD to your hard disk. You no longer need to expand the program files before using the CD Companion to Stravinsky's *Rite of Spring*.

Please note that our area code has changed. Technical Support is now available at (310) 451-1383.

INSTALLING THE CD COMPANION

To install the CD Companion on your hard disk:

1. Double-click the CD icon that appears when the *Rite of Spring* CD is loaded in your CD-ROM drive.
2. Copy the folder named "Stravinsky Rite" onto your hard disk.
3. Make sure you have installed the fonts in the "Stravinsky Fonts" suitcase in the Stravinsky Rite folder.

SPECIAL NOTE FOR POWERBOOK USERS

The PowerBook has a Rest feature which is intended to save power when the system is idle and waiting for user interaction. This feature can make some sections of this product, such as "Close Reading," not function properly. If you will be running this product on an Apple PowerBook, then you should disable Rest. To disable Rest:

1. Go to the Apple menu and choose Control Panel.
2. Choose Portable from the control panel.
3. After the Portable dialog box comes up, hold down the Option key and double click on Minutes until Automatic Sleep. This brings up a dialog box describing the Rest feature.
4. Choose Don't Rest from the dialog box. Click OK.
