

SARGON III

A dramatic close-up of two wooden chess pieces, a knight and a king, against a dark, moody background with warm lighting. The knight is in the foreground, its head turned slightly to the right. The king is behind it, its crown visible. The lighting creates strong highlights and shadows, emphasizing the texture of the wood.

SARGON III

The Computer Chess Classic

Introducing Sargon III—The world's finest microcomputer chess program. Internationally recognized as the ultimate chess software for players of all skills and interests.

FROM NOVICE TO MASTER, SARGON III PLAYS YOUR GAME

- Choose from 9 different levels of play, from beginner to master.
- Select Easy Mode to handicap Sargon's play within levels.
- Plays a strong game, and plays fast.
- Has an opening library of over 68,000 moves.
- Contains the most sophisticated algorithm in chess software . . . Sargon III has beaten a chess master rated over 2200.
- Winner of the 1984 PC World Magazine microcomputer chess tournament.

THE ULTIMATE PROGRAM FOR LEARNING CHESS

Sargon III has the most complete, easy-to-understand documentation. It includes a section on the fundamentals of chess by the U.S. Chess Federation.

And with Sargon III you can . . .

- Take back moves
- Set up your own board for customized learning.
- Change sides with Sargon III
- Replay a game
- Ask Sargon III to suggest a move for you.
- Review and analyze any of the 107 great games of history provided on disk.
- Sharpen your tactical skills by studying one of 45 classic chess problems.

ADDITIONAL FEATURES

- The Macintosh pull-down menus make it easy to select features and playing options.
- With just a sweep and click of the mouse you can move a piece or select an option.
- Play a friend and let Sargon III monitor your moves for consistency with the rules of play.
- Features high quality, traditional chess graphics.
- Watch the moves that Sargon III considers through the "Window on The Search."
- Save a game in progress to disk.
- Print out the move list or current game board in high quality Macintosh graphics.
- Join the U.S. Chess Federation at a reduced membership rate.

SARGON III—It's the best move you can make. Another classic strategy game from Hayden Software.
