3 Megabytes of RAM

S.C.OUT

IT'S A NASTY JOB...

BUT SOMEONE HAS TO DO IT. TO RE-ACTIVATE THE ABANDONED MOONBASE S.C.OUT MUST FIRST SEEK AND DESTROY THE ALIEN INFESTATION. YOU MUST CLEAR OUT ALL 100 LEVELS TO COMPLETE YOUR MISSION. THE BASE'S ENTIRE ARSENAL IS AT YOUR DISPOSAL: BOMBS, SAMs, FORCE MIRRORS, CANNONS AND EVEN ATOMICS. BUT FIRST YOU HAVE TO FIND THEM - USING ALL THE INGENUITY AND STRATEGIC POWERS AT YOUR DISPOSAL. THEN ATTACK! BUT BE CAREFUL...THE ENEMY HAS SOME NASTY SURPRISES OF ITS OWN: MAZES INFESTED WITH WORMS, VIRUSES, EXPLOSIVES AND THE SINISTER "SLIME". DAZZLING GRAPHICS AND SOUNDTRACK ADD TO THE FUN OF YOUR MISSION. BUT REMEMBER, WE WARNED YOU!
