ACCOLADE

THE BEST IN ENTERTAINMENT SOFTWARE.

550 S. WINCHESTER BLVD., SAN JOSE, CA 95128

OK, let's review: *Entertainment*. In a world where life leaps around in bits and bytes, this should be a very important word in our everyday lexicon. Right? Absolutely. And good, stimulating fun—yeah, *fun*—has always been what Accolade software

First, take a look at Accolade's widely acclaimed library of SPORTS and DRIVING simulations. It is, quite simply, the best sporting line-up in the industry. And with the sterling new addition of *Jack Nicklaus' Unlimited Golf & Course Design*...well, it's like nailing the 18th green with a monster 2-iron, then holing out for eagle. This golf simulation is destined to become, like the Golden Bear himself, a legend in its own time.

This year also marks Accolade's blazing entry into the imaginative world of the ANIMATED GRAPHIC ADVENTURE. Check out *Search for the King* and *Altered Destiny*, two titles that promise to push this rapidly expanding category to new levels of sophistication. **A**ccolade launches into the STRATEGY genre as well with two rockets: *Stratego*, a stunning new computer version of one of the most popular strategy board games of all time, and *Star Control* which combines deep strategy with white-hot, arcade-action tactical combat.

And then, when you're ready for something completely different, check out Chris Crawford's *Balance of the Planet*, his "Earth Day" sequel to the run-away hit *Balance of Power*. Can you balance the world's economic well-being without destroying the delicate global ecology? **S**o go ahead. Flip a few pages. See what the best has to offer. The name of the game is *entertainment*. And that's Accolade.

GOLF

Imagine being a golf god. Wave a wand, and fairway mounds suddenly rise from the earth. Lakes appear. Trees sprout and move—all magically, with push-button ease. Now come back to reality...and take a look at an amazing design program that lets you do all of that.

Jack Nicklaus' Unlimited Golf & Course Design™ combines the most realistic computer golf game available with an amazing Course Designer that gives you the power to create your own signature golf courses. Course routing, bunker & pin placement, trees and other objects, slope, hills, water—virtually every aspect of golf course design is at your fingertips.

Create totally unique holes, or recreate golf's greatest holes. Jack says: "I enjoy giving each hole its own character—adding bunkers, water, hills and trees to create strategic options. Legendary holes are not only beautiful or difficult—they also make golfers *think*."

Play two pre-designed, ready-to-play courses. Trek across **Muirfield Village**, one of the Top Ten courses in the world and site of Jack's annual Memorial Tournament; and **The Bear's Track**, a dream course designed by Jack exclusively for Accolade.

Play the game like you *never* have before. Says Jack: "Instant-replays and reverse-angle replays, updated statistics, variable wind and course conditions, plus faster drawing speeds make this the absolute standard in computer golf."

When it comes to love and obsession, **Les is more.** More amusing, more outrageous, more titillating. Being Les Manley, your secret crush on the luscious Stella Hart leads you on a whacked-out journey from here to Kingdom come. Find the clues. Then bring on the babes.

It's a three-ring circus out there, man. Literally. Manley's quest takes you to some pretty exotic locales. Meet Luigi, The World's Strongest Man. Then go to Las Vegas, the place that makes any circus seem like an afternoon in the library.

Find the King, get a check. But first you have to do a stint as a King impersonator. It can be brutal. Especially if you're good. Because there's a raging mob or two out there. And they'd do anything to get a little closer to the King's aura.

NEW! GRAPHIC ADVENTURES

Millions believe him to be the greatest entertainer of all time. Millions more, it seems, are willing to capitalize on his fame. TV station WILL (corporate slogan: "If the networks won't show it, we sure as hell will") is one of the latter millions. Now you, as Les Manley, must *Search for the King™* in order to win the heart of your boss's secretary and (speaking of millions) a \$1 million prize offered by WILL's cynical promotions department.

As P. J. Barrett III, your life is fairly ordinary... well, some might say boring. *Hopelessly* boring. Your own personal destiny seems to involve some meager investments and long days on a porch swing. Until one day, you are sucked through your TV set into a bizarre, parallel universe.

Written by fiction-writer Mike Berlyn, *Altered Destiny™* features breathtaking graphics, and takes you on a wondrous adventure through a fantasy world — assuredly unlike *any* you've seen before. Say hello to Alnar the Metal Shaper. (But don't shake his hand; it secretes acid). Meet Tentro, a thin but friendly creature. Steer clear of the thieving Kleegs. And definitely avoid The Howlers, odd disgusting slugs who swim beneath a lake of fog.

Take a plunge into a parallel world. And we do mean *plunge*. Of course, being sucked into a fractal dimension is never easy. But exploring your *Altered Destiny* is definitely worth a few moments of sheer shrieking terror.

This is not Pittsburgh. It's a world of odd vistas, and even odder inhabitants. We're talking *very* alien aesthetics. Some regions are magnificent, stunning. Others are positively postmodern, seemingly landscaped by the Dark Lord himself.

The scroll lady knows. But will she tell you? Meet librarians and other interesting people. Shrewdly extract information. It might also be good to avoid grisly death or dismemberment. That would not be a good destiny.

Jack Nicklaus' Greatest 18 Holes of Major Championship Golf™ lets you take on the Golden Bear on his choice of the most challenging 18 holes of major championship golf in the world, as well as two other Nicklaus-designed courses. Play either stroke or "skins" format. Tee off in a foursome... or go head-to-head with a computerized Jack Nicklaus!

One reason why Nicklaus wins the Majors? He *devours* every hole. You can too with these aerial close-ups. Every lush detail: multiple tees, trees, fairways, rough, greens, hazards. Baltusrol for breakfast. Oakmont for lunch.

Jack Nicklaus Presents The Major Championship Courses of 1989™. Play three grand slam courses of 1989. Includes Oak Hill Country Club, New York; Royal Troon Golf Club, Scotland; and Kemper Lakes Golf Club, Illinois.

GOLF

The 16th at Kemper. Longest par 4 on the course, water runs tee to green, and a huge bunker backs the pin. Need an adjective? How about *hellacious*?

The 17th at St. Andrews. The toughest hole on the world's oldest course. The infamous Road Hole starts out with a blind drive and ends with a fearsomely deep pot bunker.

Jack Nicklaus Presents The Major Championship Courses of 1990™. Three grand slam courses of 1990. Includes Medinah #3, Illinois; St. Andrews, Scotland; and Shoal Creek, Alabama.

Jack Nicklaus Presents The International Course Disk™. Three world-class championship courses designed by Jack Nicklaus. Australian Golf Club, Australia; Saint Creek Golf Club, Japan; and St. Mellion Golf & Country Club, England.

The 3rd at St. Mellion. Veteran golf writers call it the finest tournament golf course in Europe. Slopes, mounds and nasty collection bunkers make this more like target practice than a walk in the English countryside.
