**GraphicWorks** is a breakthrough in computer software. Combining an easy-to-use interface and incredible graphics power, **GraphicWorks** is the one program you need to create newsletters, flyers, storyboards, brochures, ads, annual reports, illustrations, business presentations, posters, cards, and anything else that requires graphics and text in one document.

**GraphicWorks** lets you be creative and productive in ways never before imagined.

## Features:

- All the power (and more!) of the best-selling paint programs
- Full text-editing capabilities
- Multi-page documents
- A full library of templates for newsletters, storyboards, reports, etc...
- Independent, object-oriented, bitmapped graphics
- The ability to mix and edit text and graphics anywhere on any page
- Professional-quality airbrush
- Full LaserWriter font and printer driver support
- Custom four-fold and poster printing capabilities
- No copy-protection

**Note:** **GraphicWorks** is based on the same revolutionary software technology as the best-selling comic book tool **ComicWorks**. Therefore, the programs share the same features and user interface; the enclosed template libraries differ.
