

Includes original illustrations by E.H. Shepard

THE TAO OF POOH

Winnie-the-Pooh has a certain Way about him, a way of doing things that has made him the world's most beloved bear. In *The Tao of Pooh*, Benjamin Hoff shows that Pooh's Way is remarkably consistent with the principles of living envisioned long ago by the Chinese founders of Taoism. The author's explanation of Taoism through Pooh, and Pooh through Taoism, shows that this is not simply an ancient and remote philosophy, but something you can use, here and now.

THE TE OF PIGLET

In this delightful sequel to *The Tao of Pooh*, Benjamin Hoff explains the Te (or Virtue) of the Small—a principle embodied perfectly in Piglet, that Very Small Animal who proved to be so Useful after all.

Both books feature dialogues among the author and the familiar characters of A.A. Milne's Pooh books—Eeyore, Owl, Kanga, baby Roo, and of course, Pooh and Piglet. These conversations are interspersed with traditional Taoist stories and illustrations from the original Pooh books. The result is a combination of the irresistible charm of the Milne classics, the enduring wisdom of ancient teachings, and a unique contemporary appeal.

ISBN: 1-155940-278-4

Cat. No. EB33

SYSTEM REQUIREMENTS:

Designed especially for Macintosh PowerBooks, or any Macintosh with a hard drive, 2 MB RAM, large display monitor (640 x 400 pixels), and System 6.0.7 and HyperCard 2.1 (or later versions). Will not run on Classic, SE, or 12" color monitor. Shipped on 1.4 MB high density floppy.

"In this slim little book [The Tao of Pooh] we're shown that while Eeyore frets, Rabbit calculates, Piglet falters and Owl preaches, Pooh just is."

—Los Angeles Times

"Hoff had the brilliant idea of comparing Lao-tse, Confucius, Buddha, Zen koans and Pooh to illustrate the value of humor, simplicity and nothingness."

—San Francisco Examiner

"Illustrated with drawings from the original Pooh books and quoting liberally from them, this . . . Taoist manifesto [The Te of Piglet] distills ageless personal and political wisdom, relaying an ecological message we ignore at our own peril."

—Publisher's Weekly

JUST AS COMPUTERS have changed the way you write, they are beginning to transform the way you read. Electronic text is a dynamic medium that enables you to become a more active reader.

With Voyager's Expanded Books, you can:

- Instantly access every occurrence of any word
- Add margin comments and end notes
- Locate any word or phrase in the text and in your notes
- Highlight text and mark pages in three different ways

Simple Navigation Tips

- To go from page to page, use the right (forward) and left (backward) arrows on the keyboard.

- All functions are available from the tool palette or the menu bar.

To display the tool palette, click the gray area on the right side of the screen.

To display the menu bar, move the mouse to the top of the screen.

- To search for a word in the text, hold down the mouse button over the word and select a search option from the displayed pop-up.
- To return to the last page you were reading, click Retrace on the tool palette. To choose from a list of pages you recently read, hold the mouse button down over Retrace, and select from the pop-up.
- To return to the page you were on when you last quit the Expanded Book, click the book icon at the bottom of the first page. This "book-mark" remembers your place in the book when you quit.

GETTING MORE HELP

To read the on-line help file, press **⌘-?** or select Help from the Books menu.

COPYRIGHT

The contents of each Expanded Book are copyrighted. The program on which they run (The Library), its look and feel, and related documentation are copyrighted by The Voyager Company. You may use your copy of The Library and your Expanded Book on one computer at a time. They may not be resident on a computer network.

THE COMMUNITY OF READERS

To encourage an ongoing dialogue about the form and content of electronic publishing, Voyager sponsors a forum on CompuServe. If you are already a CompuServe member and wish to participate in the Forum, type "GO VOYAGER". If you would like to become a member of CompuServe and receive a special introductory offer, call (800) 848-8199 and ask for Representative #228.

Voyager also has a message board in America Online's Industry Connection (use the keyword "Voyager"). Here you will find announcements of new Voyager titles, descriptions and prices of current titles, and lively discussion about the new frontier of electronic media. To become a member of America Online, call (800) 827-6364.

Phone numbers given above are for U.S. residents only. If you are a non-U.S. customer, please contact a local representative for the desired company.

TECHNICAL REQUIREMENTS

- Macintosh PowerBook, LC, II, or better running system software 6.0.7 or later
- 640×400 or greater resolution display (this includes PowerBooks, 12-inch monochrome, and 13-inch color monitors)
- 1,200K of available RAM

REGISTRATION AND SOFTWARE SUPPORT

Please fill out and return the enclosed warranty card. This registers your copy of the software and entitles you to telephone support. Call (914) 591-5500 for software support.

INSTALLING AN EXPANDED BOOK

Extracting the Compressed Files

1. Double-click the icon for the Expanded Book diskette.
2. Open the Read Me First file and review it for important information about the specific Expanded Book. (If your Expanded Book was shipped on more than one diskette, the Read Me First file may contain special installation instructions.)
3. Locate and double-click the self-extracting archive for the Expanded Book. (The file whose name ends in ".sea" is the self-extracting archive.)
4. Select a destination on your hard drive for the Expanded Book files.
5. Click Save.

The files will decompress automatically and be installed in the location you selected.

Installing Fonts

BEFORE YOU START

To get ready to install Expanded Book fonts, perform these steps:

1. Quit all open applications and desk accessories.
2. Open the folder on your hard drive that was created when you decompressed the files, and locate the font suitcase for your Expanded Book.

INSTALLING FONTS FOR SYSTEM 6

If you're using system software version 6.0.7 or 6.0.8, you must use Apple's Font/DA Mover, which is a part of your system software. To install the fonts, perform these steps:

1. Double-click the font suitcase.
2. Click the Open button below the empty list box.
3. Select your System file.
4. Select all the fonts in the list box by holding down the <Shift> key while you click each font's name.
5. Make sure the arrows on the Copy button are pointing from the list of fonts to your System file.
6. Click Copy.
7. When you have finished installing the fonts, click Quit.

INSTALLING FONTS FOR SYSTEM 7

If you're using System 7, drag the font suitcase over the System Folder icon on your hard drive and drop it. The Macintosh will guide you through the rest of the font installation.

Installing the Expanded Book

IF THIS IS YOUR FIRST EXPANDED BOOK...

Rename the folder that was created when you decompressed the Expanded Book file to "Expanded Books." Any other Expanded Books that you install in the future should be placed in this folder.

IF YOU HAVE OTHER EXPANDED BOOKS...

1. Drag your new Expanded Book stack (and its Annotations stack, if present) to the folder where you keep your Expanded Books.
2. If the copies of The Notebook and The Library in your Expanded Books folder are older than the copies that came with the new Expanded Book, you must replace the older copies. To check the version numbers of The Notebook and The Library, follow the instructions in the Read Me First file that came with the new Expanded Book.

Expanded Books and Memory

Most Expanded Books run best with at least 1,200K of RAM available and allocated to HyperCard. To allocate memory to HyperCard, perform these steps:

1. Locate your copy of HyperCard on the hard drive and select it.
2. From the File menu, choose "Get Info". The HyperCard Info window will appear.
3. Enter "1200" in the box at the lower-right corner of the HyperCard Info window.
4. Close the HyperCard Info window.

Note: Some Expanded Books have special features, which may require you to allocate more memory to HyperCard. See the Read Me First file for memory information specific to your Expanded Book.

READING AN EXPANDED BOOK

Personalizing Your Book

The first time you launch an Expanded Book, you'll be asked to enter your name. Type your name the way you want it to appear in the bookplate ("This Book Belongs to...") at the beginning of the book.

Parts of the Book

Expanded Books have many special features, as illustrated in the diagram to the right.
